The franchise's first-ever free-to-play hero shooter, *GUNDAM EVOLUTION* will offer a 6v6 competitive team-play dynamic with playable mobile suits from across the Gundam multiverse.

**GUNDAM EVOLUTION** is a free-to-play team-based first-person shooter featuring 6v6 PvP combat. The game will offer three objective-based game modes: Point Capture, Domination and Destruction. The title presents a unique set of challenges that will require teams to craft and execute formidable offensive and defensive strategies to emerge victorious.

Each playable unit in *GUNDAM EVOLUTION* possesses its own unique combination of offensive, defensive and/or supportive skills capable of swinging the tides of battle. The starting roster of playable characters will feature 12 units, including the classic RX-78-2 GUNDAM and the iconic ASW-G-08 GUNDAM BARBATOS. Additional mobile suits and customizable items can be unlocked in two ways: Capital Points (CP), which are accumulated in-game through gameplay, or EVO Coins, which will be available for real-world purchase.

Closed Network Tests for GUNDAM EVOLUTION will take place on the PC platform from April 7-12 and for console platforms in the future to test the game's online servers. Fans eager to suit up and hit the battlefield can register for the PC Network Test by visiting the GUNDAM EVOLUTION Steam® store page between March 9 - March 28 and clicking on "Request Access" under Playtest to apply.
