This exhibition invites you to explore from the 2nd to the 6th floor of MUJI Ginza. With the handout as your guide, it's like turning the pages of a storybook. Step inside and listen quietly—you might just hear the whispers of the animals. Enjoy the imaginary world woven by *krank*.

Kenichiro Fujii, *krank*

Born and raised in Itoshima, Fukuoka, *Kenichiro Fujii* continued his music activities after graduating from music school. In December 2002, he established *marcello*. Following that, in February 2004, he founded *krank*, an antique furniture company, and began holding solo exhibitions across Japan. In 2010, he established *SLEEP Co., Ltd.* In recent years, in addition to creating artworks, producing spaces, and directing stage performances, he has also been involved in music production, utilizing his musical background.
